Глава первая

Деревня Кузьминки стояла на высоком берегу реки Сосновки, в тридцати верстах от уездного города. Жителей в ней было около двухсот душ, и почти все они носили фамилию Кузьмины — от прадеда, который когда-то первым поставил здесь избу.

Ближайшая железная дорога проходила в сорока верстах, поэтому новости доходили сюда медленно, а газеты — и того медленнее. Зато воздух был такой, что старики доживали до ста лет, и никто этому не удивлялся.

Весной 1876 года в деревню приехал молодой человек по имени Сергей Ильич Воронцов. Он был сыном бывшего помещика, но сам никогда не владел землёй и не собирался ею владеть.

Глава 5

Когда Ирина Сергеевна Воронцова впервые переступила порог Института экспериментальной медицины имени Кропоткина, ей было двадцать шесть лет, и она уже знала, что ошиблась дверью. Но отступать было поздно: за спиной остались три года ординатуры, диплом с отличием и разговор с матерью, после которого та перестала звонить на неделю.

Институт располагался в трёхэтажном здании, которое когда-то принадлежало купцу Елисееву, и до сих пор сохранило на фасаде лепные виноградные гроздья, облупившиеся от времени. Внутри пахло хлоркой, старой бумагой и чем-то ещё — сладковатым, тревожным, что Ирина Сергеевна не могла назвать, но запомнила навсегда.

Её встретил профессор Аркадий Львович Мельников, заведующий кафедрой патологической анатомии. Он был высок, сутул и носил очки с толстыми линзами, за которыми глаза казались неестественно большими. Он не предложил ей сесть, не спросил, как она добралась, и не поинтересовался, почему она выбрала именно его кафедру. Вместо этого он молча протянул ей халат и кивнул в сторону двери.

Первый день

Первый день прошёл в наблюдении. Ирина Сергеевна стояла у стола, на котором работал Мельников, и старалась не отводить взгляд, когда он вскрывал грудную клетку. Она ожидала, что будет страшно, но страх быстро уступил место любопытству, а потом — усталости. К вечеру у неё болели ноги, ныла спина, и она поймала себя на мысли, что думает о ужине.

Глава 18

Утро выдалось ясное, но прохладное. Ночью выпал первый снег, и земля стала белой и чистой. Дети проснулись рано и выбежали во двор, чтобы слепить снеговика. Они катали большие комья снега, пока не получились три шара разного размера. Самый большой стал телом, средний — головой, а маленький — основанием. Не хватало только носа и глаз.

Отец принёс из сарая старую морковь и два угля. Морковь воткнули вместо носа, а угли стали глазами. Снеговик получился весёлый, но немного грустный. Тогда мама повязала ему на шею свой красный шарф, и он сразу стал выглядеть гораздо лучше. Дети хлопали в ладоши и кричали от радости.

Весь день они играли в снежки, строили снежную крепость и катались с горки на санках. Вечером, когда стемнело, снеговик стоял у ворот и светился в свете фонаря. Прохожие останавливались, чтобы посмотреть на него, и улыбались. Это был самый обычный снеговик, но он принёс всем столько радости, что его запомнили надолго.
